

Dear Friends,

It is with deep sadness that I tell you that I have stood down from the Work.

The police have questioned me about something which happened when I was a youth. This is years before and completely unrelated to my time in the ministry. I am making every effort to cooperate with the police investigation. It would not be proper to make further public comment about it whilst the investigation continues.

After I began to serve God, I tried to address the issues from my past and a little later, sought professional counseling. I felt this matter had been settled years ago. However, now that this matter has been raised, I feel it is not appropriate for me to continue in the ministry.

I want to thank you for your love and support during my time in the work. I am very grieved for the distress and anxiety that I have caused to any person affected by my past.

Chris Chandler
