Dear WINGS Group:

This is an overdue, heartfelt "thank you" for those of you who created and maintain the WINGSfortruth site. We certainly identify with your care and interest toward children's safety. An unsafe child often develops into an adult who either feels unsafe or who is unsafe. Prevention is ideal...but early intervention is next best.

We are daily learning about our own limitations and our dependence on strength beyond our own. Thank you for being part of that support.

Our hearts are moved toward all who are suffering as a result of sexual abuse. One of the most difficult parts of dealing with abusive experiences is actually talking about it...the need for victims who are willing to speak up is so necessary in order help the abuse STOP.

If you would like to contact us, we would love to keep in touch. Feel free to post our email, but please leave our names off of it.

Thanks!
